

X Workshop on Drugs Pricing

SCIENTIFIC BOARD
Pier Luigi Canonico, Claudio Jommi

Rome 29th | 30th May 2024
The Hive Hotel - Via Torino, 6

ON AIR LIVE VINCENT | Virtual INnovative CENTER

Under the auspices of:

OBJECTIVE

The workshop, now in its tenth edition, is a multistakeholder working table to discuss issues related to the assessment, appraisal and pricing of medicines from a national and international perspective.

From the first edition to the present, the project has grown into a must-attend event that addresses the hottest and most current market access issues each year.

The upcoming edition addresses the following topics:

- **HTAR/JCA** – Summary and discussion elements emerged from the European HTAR Think Tank followed by hands-on session – discussion on companies organizational readiness. Which skills companies need to develop at local level (LOC) to contribute to the activity of their Global HDQs in the proactive definition of PICO (LOC on an Italian scale, Global on a pan-European scale).
- **AIFA COMMITTEES' EXPERIENCE** – Based on our proprietary database, we will briefly report on the activities of AIFA Committees in the last 5 years and will discuss some preliminary findings from the approach of the new AIFA-CSE.
- **CHANGE IN THE DISTRIBUTION OF PHARMACEUTICAL DRUGS** - Reform of the distribution system and Italy NHS' approach in the European context: perception of the impact on the health system and relationship between different stakeholders.
